## Cabinet Member for Community and Wellbeing

---

### Part 1

Date: 3 November 2023

**Subject** Applications to Welsh Church Acts Fund 2023/24

**Purpose** To make decisions on applications for funding from the Welsh Church Act Fund.

**Author** Head of Finance / Senior Finance Business Partner - Corporate

**Ward** All

**Summary** There were nineteen applications received for grants from the Welsh Church Acts Fund during the period September 2022 and August 2023 of which fourteen meet the criteria for use of the fund.

There are another four applications which would be eligible under the scheme, but at the time of the applications being submitted there was a shortfall in overall funding required to complete the projects which were subject to these bids. In previous years, applications have been declined where bidders have not been able to identify how any shortfall will be addressed. It is proposed to amend the criteria of the scheme to enable applications to be approved 'in principle' where they meet the criteria of the grant, but who have not yet identified all of the required funding to complete their projects at the time their applications are being considered. This would have to be resolved prior to the grant being paid, and there would be a time limit of two years from the date of the Cabinet Member decision being published. On this basis, there would be four applications that would be approved in principle.

**Proposal** Approve the applications as shown in Appendix One, utilising a grant award of 60% of eligible expenditure.

Approve an amendment to the criteria of the grant scheme to allow applications that have not yet identified all required funding sources to complete their projects to be approved in principle, but that it would be subject to this being resolved within two years of the published decision with (i) confirmation of a start date and (ii) confirmation that funding secured to complete the project.

**Action by** Senior Finance Business Partner / Corporate Administration Team – pay grants in line with decision.

**Timetable** Immediate

This report was prepared after consultation with:

- Head of Law & Regulation
- Head of People, Policy and Transformation

## **Signed Background**

Newport City Council receives an amount each year under the Welsh Church Acts fund to be distributed in accordance with its adopted criteria (Appendix 2 & 3). The period involved covers part 2022/23 and 2023/24 to date.

For 2023/24, the amount available for Newport City Council to distribute is £94,080, which includes £40,979 carried over from 2022/23.

All eligible applications are awarded funds and if they exceed available funds in any period, a consistent percentage of funds applied for is awarded to each application to keep the total within available funds. Any unused funds that may exist are carried forward for future applications.

The number of applications that were received for this year have been considerably higher than in previous years and exceed the total available funds. Due to the fact that some of this year's allocation will need to be kept for any grant applications that are received from September 2023 to March 2024, it is recommended that the amount of grant awarded is 60% of the application value for this period, with the maximum amount £10,000 considered for each organisations (clubs / society's, church etc) application and £1,000 for each individual's application. This is lower than the percentage that has been able to be awarded in previous years but is due to the increased number of applications, as well as the higher than normal values of funds being sought.

### **Applications Received since Previous Evaluation**

The list of applications in the period from September 2022 to date and whether they are proposed to be successful or unsuccessful is included in appendix 1.

There are nineteen in total, and fourteen applications proposed to be approved, in full or part, with four to be approved 'in principle'.

The applications that have been approved in principle will be subject to the following conditions.

- The grant will not be paid across to the recipient until confirmation has been received that the shortfall in funding for the scheme / project has been resolved.
- The scheme or project will need to have a confirmed start date.
- Both of the above will need to be within two years of the published date of the Cabinet member report.

By approving applications in principle, this will allow applicants to have security that their funding has been approved for future cashflow purposes and used to leverage in the balance of funding required with other funding contributors. If an applicant is not able to comply with the conditions set above, the amount of money ringfenced will be given back to the overall Welsh Church fund allocation. They will also be able to apply to the scheme again.

The total sums applied for from the successful submissions amount to £118,990 against a total allocation of £94,080. Therefore, it is recommended that 60% of the applied for funds should be awarded (£71,394). The funding levels approved in the previous 2 financial years has been 75% and 100% and is considered each year based on funding available and applications approved. The number of applications approved at the rate suggested here would leave a balance of £22,686 available to be awarded in the future – for applications received to the end of the current 2023/24 financial year.

## **Financial Summary**

The cost for applications is funded from the Welsh Church Acts Fund and has no financial implications to the Council.

## **Risks**

As noted in the report, the proportionate approach to resourcing is necessary to safeguard resourcing into medium term to sustain future applications. There is also an attempt to keep the level of resourcing provided at a consistent level from year to year to derive an equitable distribution, so that applications received alongside a high volume of other applications does not derive proportionately lesser funding than those received in quieter periods. As is the case here, this is not always possible to achieve and is an inherent risk associated with a fixed amount of annual funding and two application deadlines per year.

## **Links to Council Policies and Priorities**

Not applicable as funds are used for those bids that meet specific Welsh Church Act criteria.

## **Options Available and considered**

The Cabinet Member has the delegated authority to make awards in respect of qualifying applications where it is consistent with that eligibility criteria.

Update the policy criteria to include approving any applications in principle where there is a shortfall in funding at this time to complete the total project but that this can be resolved and a confirmed start date and funding secured within two years of the date of the published decision.

## **Preferred Option and Why**

All the proposed grants are within agreed policy criteria, and update the policy to include conditions regarding applications approved 'in principle'.

## **Comments of Chief Financial Officer**

There are no direct financial consequences on Council budgets. The applications recommended for funding are within the agreed criteria and funded from Welsh Church funds.

## **Comments of Monitoring Officer**

The proposed action is in accordance with the requirements of the Welsh Church Act Scheme and the Council's policy.

## **Comments of People, Policy and Transformation**

There are no human resources implications arising from the report. The grant allocations support resilience, cohesion and prevention which is in line with the sustainable development principle of the Well Being of Future Generations Act. There is also a clear alignment between the proposed projects and the overall purposes of the Fund, with the Council's Corporate Plan and the draft Local Action Plan, particularly in terms of supporting communities, groups and individuals to thrive.

## **Fairness and Equality Impact Assessment:**

### **• Wellbeing of Future Generation (Wales) Act**

The Charitable purposes for which the Fund may be applied are in line with the Well-being Goals for Wales. All the purposes of the Fund would contribute to of the achievement One Newport's Well-being objectives set out in the Well-being Plan for the city. There is a focus on involvement through support for community groups in their delivery of projects and services, and on preventing problems occurring or getting worse.

- **Equality Act 2010**
- **Socio-economic duty**
- **Welsh Language (Wales) Measure 2011**

The council has a number of legislative responsibilities to assess the impact of any strategic decision or policy on people that may experience disadvantage or inequality. The Council is a trustee in the application of a proportion of Gwent wide fund, and therefore would not be able to use this funding for other laudable activities. This report is neither a strategic decision nor a policy change and therefore would not necessitate and Fairness and equality Impact Assessment. It is instead the application of awards based on pre set criteria, and it is those Gwent defined criteria that would require periodic reassessment under FEIA requirements. That said the application of the policy continues to address issues involving advancement of religion, relief in need, relief in sickness, elderly and sense deprived.

### **Crime & Disorder Act 1998**

Section 17(1) of the Crime & Disorder Act 1988 imposes a duty on the Local Authority to exercise its various functions with due regard to the likely effect of the exercise of those functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. The application of Welsh Church funding is not anticipated to increase levels of crime & disorder.
