1. Regional Context

The EAS is the school improvement service for the five Local Authorities (LAs) in South East Wales (Blaenau Gwent, Caerphilly, Monmouthshire, Newport and Torfaen). The number of pupils of compulsory school age in 2017 was 71,234. This represents 19% of all pupils in Wales. There are 240 maintained schools in the region, 16% of all maintained schools in Wales (EAS figure correct from Jan 2018, Wales figure from PLASC, 2017). The percentage of pupils of compulsory school age who are eligible for free school meals (FSM) is 18.5%, which is higher than the national figure of 17.8%. This level of eligibility is the second highest of the four regional consortia (PLASC, 2017). In the region, 10% of people aged three and over say that they can speak Welsh compared to the Wales average of 19% (2011 Census, ONS). The percentage of pupils aged 5-15 from an ethnic minority background is 9.7%, an increase from 7.3% in 2013. This is a similar rate of increase to that nationally (10.1% from 8.3%). These overall figures mask significant differences between LAs, with the proportion of ethnic minority pupils in Newport increasing from 23.0% to 23.7% in 2017. As of March 2017, 816 children in the region are looked after (LAC) by a LA and attend a school in the region. This represents 14% of LAC in Wales.

2. Introduction

This Business Plan (2018-2021) outlines the programme of work that is required to continue to accelerate outcomes for children and young people across all schools in South East Wales. The plan focuses on the urgent need to raise aspiration and accelerate improvement in pupil outcomes, improve the quality of teaching and leadership and build a self-improving system within and across schools and settings. Priorities for the Business Plan 2018-2019 have been derived from the progress that has been made towards the previous Business Plan, areas that have been identified as requiring improvements through self-evaluation processes and feedback from Estyn on the inspection of the EAS. The improvements that are required at regional and Local Authority level require a strong commitment of partnership working to be successful.

Outcomes from Regional Estyn inspection (May 2016) and progress made towards the recommendations

In May 2016 Estyn and Wales Audit Office re-visited the region to undertake the inspection of the regional school improvement services provided by the EAS. The structure of the inspection report is based on those aspects of Estyn's Common Inspection Framework that apply to regional consortia, which are covered by five quality indicators, each are graded (Excellent, Good, Adequate or Unsatisfactory). Additionally, an evaluation of standards featured as a performance profile in the context section of the report. A summary of the outcome is below:

Section	Grade
Support for school improvement	Good
Leadership	Good
Quality improvement	Good
Partnership working	Good
Resource Management	Good

Estyn revisited the EAS in September 2017 to conduct an inspection of the progress the EAS had made towards the recommendations. A summary of the judgements is below:

Recommendation	Estyn Progress Judgement
R1 Consider the use of a wider range of performance indicators at school and regional level to ensure that the progress of all groups of learners is challenged and supported	Satisfactory Progress
R2 Improve consistency in the quality of evaluation of school improvement activities throughout the service	Strong Progress
R3 Identify and manage risks more effectively	Very Good Progress

Summary of wider regional improvements 2017-2018

Regional Outcomes
<ul style="list-style-type: none"> • Teacher Assessment outcomes at the end of foundation phase and key stage 2 at the expected and higher levels are good and continue to improve. Attainment has been above the Wales average since 2013. Teacher Assessment outcomes at the end of key stage 3 are improving but still remain below the Wales average. • The gender gap in both foundation phase and key stage 2 continues to narrow at the expected level and is below the Wales average. At key stage 3, the gender gap is narrowing however remains higher than the Wales average. At the higher levels, gender gaps have widened in foundation phase, key stage 2 and key stage 3. • FSM regional performance at the expected level has continued to improve at foundation phase and key stage 3 but declined at key stage 2 in 2017. Between 2014 and 2017, the gap between the attainment of FSM pupils and non-FSM pupils has narrowed at each of these key stages. • The performance of Looked After Children (LAC) pupils has improved considerably at key stage 3 from 2014. Performance of pupils with Special Educational Needs (SEN) and those with English as an additional language (EAL) has improved since 2014. • At key stage 4, this year it is not possible to meaningfully compare results to previous years. However, performance of the region compared to national performance is still relevant. At the L2+ performance indicator, performance across the region declined by 2.6pp, compared with a decline of 5.7pp across Wales. This has resulted in the gap between regional performance and national performance narrowing to 1.7pp. • At key stage 4, 13 out of 35 (37.1%) schools are placed in benchmark quarter 1 for the L2+ indicator. More schools are now able to predict pupil outcomes with greater accuracy, 19 out of 35 schools had L2+ performance within 5pp of their June progress estimate. • Overall performance at L2 English Language, L2 Welsh Language and A*-C grades in GCSE Science has improved. • Between 2014 and 2017, the gap between attainment of FSM pupils and non-FSM pupils for the L2+ has remained fairly static. The gender gap between girls and boys and the Wales averages are narrowing due to a larger decline in performance of these groups across Wales this year. • Regional performance of learners achieving 5A*/A grades has improved for the first time in 4 years. • Overall performance at the L3 threshold has declined slightly. The performance of boys is at the Wales average, performance of girls is 1.3pp below that of Wales. Performance at A*/A Grades across the region has declined overall between 2016 and 2017 by 2.7pp. • Over the past 4 years, attendance at primary schools has continued to improve. Despite secondary school attendance improving at a slightly faster rate than Wales, it remains below the Wales average. • The percentage of Year 11 leavers known to be NEET (Not in Education, Employment or Training) across the region has reduced at a faster rate of improvement than that made nationally, and is below the Wales average.

Provision

- There is a clear understanding of the respective roles of the LAs and the EAS in supporting school improvement across the region and the implementation of National Categorisation and the SEWC Intervention Framework of schools across the region has been applied consistently to ensure accurate levels of support are provided.
- The EAS has appropriate differentiated procedures for monitoring, challenging, supporting and intervening in schools and non-maintained settings which are applied more consistently and have resulted in the majority of schools and non-maintained settings making good progress. The processes for holding schools in a red category to account have been robust and well understood.
- Refined quality assurance protocols across the service are evidencing increasing consistency in practice and highlighting inconsistencies that need to be addressed.
- The quality and range of data from pupil level up that the consortium now uses is improving. The process of collecting progress towards pupil level targets now enables the CA team and subject specialist to support and challenge potential underperformance within the academic year.
- There is a clear and coherent regional strategy for the self-improving system. The region has made good progress in developing mechanisms to facilitate school-to-school support in key areas including the recent introduction of the Learning Network Schools and cluster working.
- The support for new curriculum specifications at key stage 4 in core subjects, Welsh Bacalaureate and the implementation of WG initiatives such as Successful Futures is good.
- Challenge advisers monitor diligently schools' plans for their use of the Pupil Development Grant. They ensure that the plans meet requirements and focus appropriately on improving outcomes for vulnerable learners. The provision for these pupils is beginning to improve their outcomes at each key stage.
- There are good arrangements to identify the overall development needs of governors which are effectively met in most cases through a centrally delivered training programme.
- Specialist HR support has complemented and enhanced the provision that is already in place in LAs providing support and training for school leaders, disseminating regional policies and protocols.

Leadership

- The Business Plan sets out the regional strategic vision, aims and priorities aligned closely to WG guidance and key national, regional and local priorities with good progress has been made towards recommendations from Estyn.
- Self-evaluation and improvement planning processes are accurate, evaluative and balanced.
- A wider range of performance indicators at school and regional level are now being used in self-evaluation activity to ensure that the progress of all groups of learners is challenged and supported.
- Strategic leadership and management is good with an effective governance and communication structure, which is becoming increasingly effective.
- School strategic partnerships are good and continue to improve.
- Working practices with LAs are becoming increasingly effective in relation to schools causing concern.
- Where warning notices have been issued in LAs linked to standards, most schools have improved their performance.
- There are sound financial processes in place and processes to evaluate Value for Money (VFM) have been improved and refined and are now appropriate.
- Appropriate partnerships with other consortia have been forged with the main aims to improve provision and to raise standards for learners across the region.

Regional Priorities for 2018-2019

The focus for improvement for 2018-2019 will focus on continuing to secure improvements in the following areas:

- To continue to raise aspiration, improve pupil outcomes, particularly for vulnerable groups of learners (FSM, Gender, EAL, MA and LAC) and reduce the variance within and across schools, settings and LAs.
- To accelerate improvement in schools and settings where progress is too slow by ensuring a more consistent approach is applied to schools causing concern and the use of Local Authority statutory powers to accelerate progress in identified schools.
- To continue to improve the quality of leadership, teaching and learning, particularly within the secondary phase.
- Supporting schools to ensure the effective development of pupil skills at all phases.
- Supporting the national approach and further development of the regional professional learning opportunities to ensure the success, equity and well-being of every learner.
- Preparing schools to meet the curriculum and assessment demands in line with new accountability arrangements.
- Supporting the development of a 'world-class curriculum' that will help raise standards for all in Wales.
- To embed the regional approach to developing a self-improving system.

The Regional Ambition is, by 2021 that:

Working with our key partners we will aim to transform the educational outcomes and life chances for all learners across South East Wales. We will do this by:

- Ensuring successful learning experiences and high levels of wellbeing particularly for those facing the greatest challenges;
- Building effective networks of professionals, across the five Local Authorities and beyond and working together to improve leadership, teaching and learning; and
- Attracting and retaining a team of outstanding people who embed our core values in their work and share a passion for excellence.

A detailed three year overview is available within the additional support documentation.

3. The South-East Wales Regional Mission: Business Plan (2018-2019)

This Business Plan focuses upon the actions that are required to accelerate improvement across the region. Whilst this plan is regional, the bespoke approach at school level and through each individual LA Annex enables all nuances in need to be addressed. The actions contained within the plan align with the Welsh Government strategic document Education in Wales: Our National Mission (Action Plan 2017 – 2021). Further details on delivery can be found in the Detailed Delivery Document and the Professional Learning Offer 2018-2019. The content of the Business Plan will be used to populate and report against the regional elements within the Wales Education Report Card.

4. National and Regional Implementation Strategies

The EAS will work closely with all key partners to ensure the realisation of this Business Plan. The implementation of the Tiers, noted below, are embedded in way in which we will continue to work across the sectors.

Source: *Education in Wales: Our National Mission*

The EAS has invested in building the capacity of schools and educational settings within the region over the last four years to enable more collaborative ways of working. This approach is enabling teachers and leaders to learn from each other, to try out new approaches and to engage with educational research as the backdrop for improvement. Across the region there are a number of well-established networks of professional practice, these will continue to be encouraged and the practice from within them shared.

The approach to build capacity and schools taking more of a collective ownership for the development of teaching and leadership has been developed further and the cluster model will be embedded over the next few years across the region.

5. Funding Information (indicative – will be updated)

The EAS is funded on an annual basis from three sources as illustrated below. A detailed spending plan accompanies this Business Plan and is intrinsically linked to all actions contained within the Business Plan.

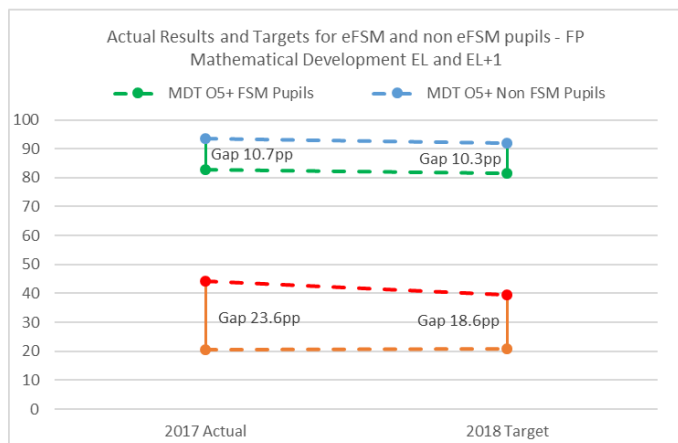

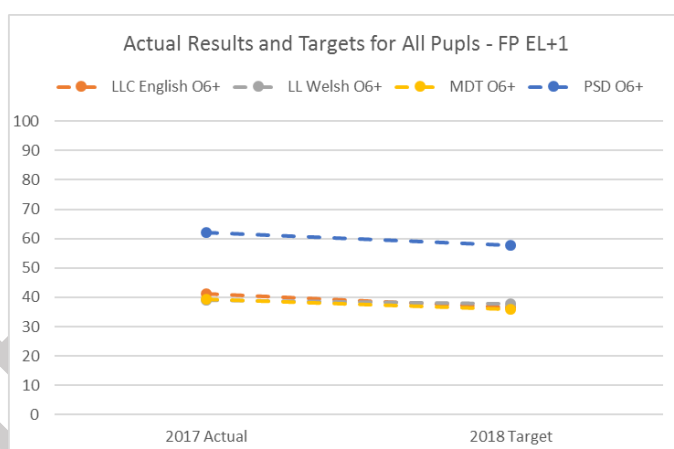

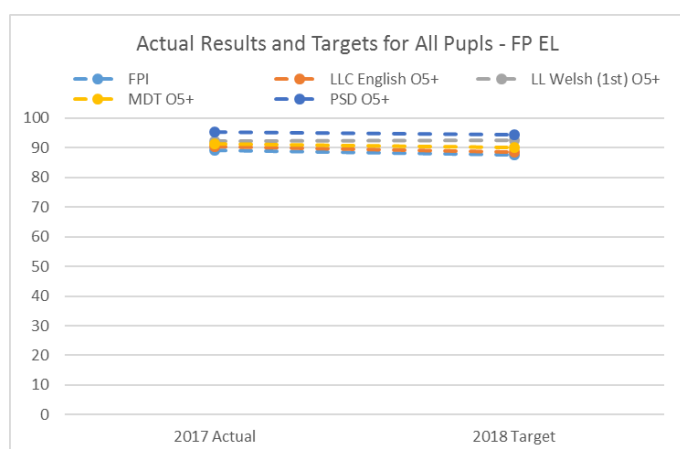

6. Regional Key Stage Targets 2017-20 and Local Authority Attendance Targets

The targets below are derived from the information submitted by all schools across South East Wales during the statutory target setting process in autumn 2017. The target setting process across the region is robust with all LA / school aggregate targets linked to individual pupils.

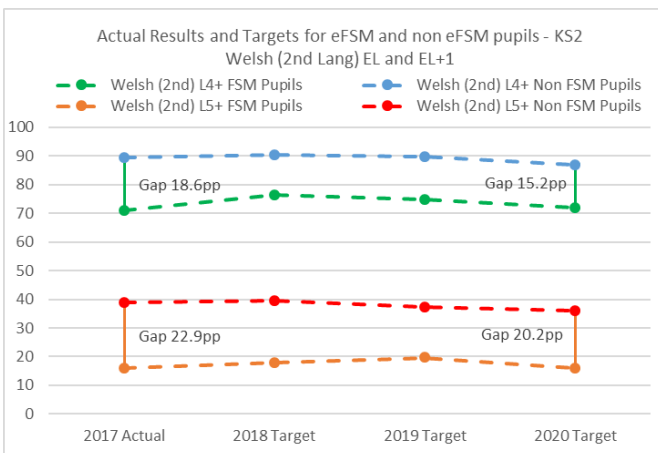

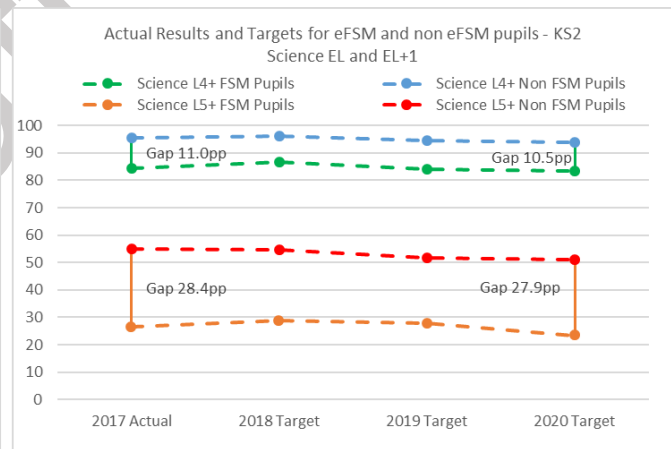

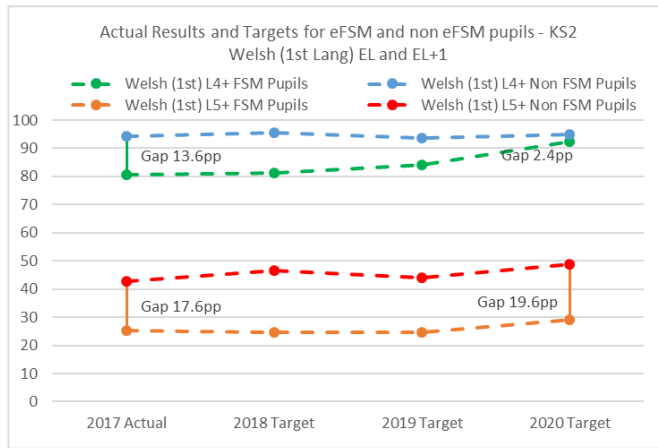

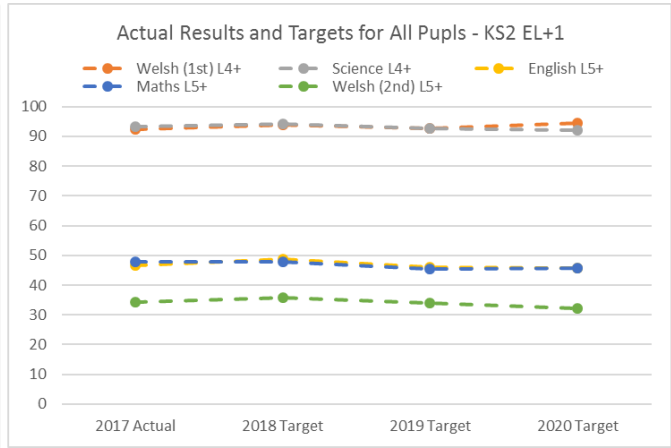

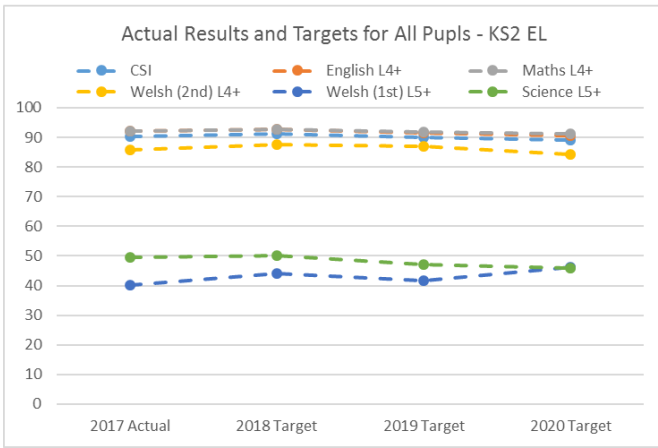

To ensure that appropriate aspiration is applied across schools, a joint challenge process has been introduced by LA Officers and EAS staff. This process considers an analysis of projected future performance against previous performance, projected Free School Meal benchmark quarters, FFT estimates and WG modelled expectations.

Targets for 2019 and 2020 remain draft and subject to additional challenge and scrutiny during the next iteration of the process in 2018. Individual LA aggregate targets can be found in the accompanying LA Annex documents.
