Cabinet

Part 1

Date: 10 March 2021

Subject Quarter 3 2020/21 Corporate Risk Register Update

Purpose To present the Council's Corporate Risk Register for the end of quarter 3 (1st October to 31st December 2021).

Author Head of People and Business Change

Ward All

Summary The Council's Corporate Risk Register monitors those risks that may prevent the Council from achieving its Corporate Plan or delivering services to its communities and service users in Newport.

At the end of quarter 3, there were 18 risks recorded in the Corporate Risk Register that are considered to have a significant impact on the achievement of the Council's objectives and legal obligations. At the end of quarter three, there were no new or escalated risks from service area risk registers; and one risk was closed. Overall, there are 10 Severe risks (risk scores 15 to 25); 6 Major risks (risk scores 7 to 14) and 2 Moderate risks (risk scores 4 to 6) that are outlined in the report.

Proposal Cabinet is asked to consider the contents of the quarter three update of the Corporate Risk Register.

Background

The Well-being of Future Generations (Wales) Act 2015, requires Newport City Council to set Well-being Objectives in its Corporate Plan 2017-22. In the delivery of the Corporate Plan and Council services there will be risks that may prevent, disrupt or impact on the Council's objectives. The Council's Risk Management Policy and Corporate Risk Register enables the Council to identify, manage and monitor those risks to ensure effective mitigation action is taken to minimise or prevent the risk from impacting on services, communities and citizens. The current Risk Management Policy was approved in July 2020.

Following the Covid-19 outbreak, service areas were asked to review their service plans and consider any new and/or emerging risks that could impact on the delivery of their services. Additionally as part of the Council's quarterly monitoring process, service areas have reviewed their risks considering the impact of Covid-19.

In accordance with the Council's Risk Management Policy, any new, escalated / de-escalated and closed risks in the Corporate Risk Register are presented to the Council's Chief Executive and Corporate Management Team for decision.

Summary of NCC risks for Quarter 3 2020/21

At the end of quarter three, across the Council's eight service areas there were 52 risks recorded in their risk registers. The table below provides a summary of all risks and changes to risk scores between quarter 2 ([Reported to Cabinet in December 2020](#)) and quarter 3.

Service Area	Q3 Risks	Risk Scores Increased since Q2	Risk Scores Decreased since Q2	No Change since Q2	New Risks (Since Q2)	Closed Risks (Since Q2)
Adult & Community Service	3	0	0	3	0	0
Children & Young People Service	4	1	1	2	0	0
City Services	7	0	1	6	0	0
Education	8	3	4	1	0	2
Finance	7	0	0	7	0	0
Law & Regulation	3	0	0	3	0	0
People & Business Change	12	2	2	8	0	0
Regeneration, Investment & Housing	8	2	1	5	0	2
Total	52	8	9	35	0	4

The Council's Corporate Risk Register includes 18 of the 52 risks that are considered to pose the most risk to the delivery of Council services and achievement of its Corporate Objectives. The 18 Corporate Risks consisted of:

- 10 Severe risks (15 to 25);
- 6 Major Risks (7 to 14); and
- 2 Moderate Risks (4 to 6).

In comparison to the quarter two (2020/21) risk register, there were no new risks or risks escalated risks from service area risk registers. There was one corporate risk closed and no risks de-escalated back into service area registers for monitoring. At the end of quarter 3, there was two risk scores had increased, three had decreased, and 13 risks had remained the same as quarter two.

Closed Risk - Pressure on Housing Risk

At the end of quarter two, Regeneration Investment and Housing undertook a review of two Corporate Risks: Pressure on Housing Service; and Pressure on Homelessness Services. The service area proposed that the two risks were merged to reflect due to the close links between both areas and the impact that each other has on the overall service delivery. A proposal was taken to the Council's Corporate Management Team in December 2020 where it was agreed.

Change in direction of risk score (Quarter Three)

Risk	Service Area Cabinet Member	Q2 Risk Score	Q3 Risk Score	Commentary
Demand for ALN (Additional Learning Needs) and SEN (Special Educational Needs) provision	Education / Cabinet Member for Education & Skills	12	16	During the Sept-Dec period 139 Formal Assessment requests were received. This increase has caused a pressure on Inclusion services. There is a growing number of pupils with complex needs entering our Schools, due to the pandemic some of these pupils did not access nursery or reception which has further delayed their progress. Due to the lack of capacity in the Inclusion service there is a very limited amount of preventative work offered to Schools. The Special Schools and the majority of primary Learning Resource Bases are at capacity. The ALN Implementation group will reconvene in the spring to review SEN funding to Schools.
Newport Council's Property Estate	Regeneration Investment & Housing / Cabinet Member for Assets	8	12	Increased probability of risk due to having undertaken the majority of condition surveys throughout NCCs operational estate.
Brexit	People & Business Change / Leader of the Council / Cabinet	16	12	The risk score for Brexit has reduced from 16 to 12 reflecting the fact that the UK Government and EU agreed a tariff free trade deal. However, there remains risks in relation to the post Brexit arrangements and ensuring EU citizens living in the UK apply for EU Settled Status by 30 th June. Additionally, the economy remains in a precarious position due to Covid and new trade arrangements which could impact on short to medium term stability of business, labour market and consumer confidence from 2021 onwards.
Education Out of County Placements	Education / Cabinet Member for Education & Skills	12	9	The Out of County budget and placements are very carefully monitored on a monthly basis. Additional local placements have been commissioned from Newport Live and Catch 22. Plans are being developed to expand Ysgol Bryn Derw to provide additional Foundation Phase placements.
Schools Finance / Cost Pressures	Education / Cabinet Member for Education & Skills	16	12	Total sector budgets are now £2 million pounds in surplus due to schools being closed for prolonged periods of time. However without careful budget management school are still at risk of developing deficit positions. The total number of schools in deficit remains the same.

Options Available and considered

1. To consider the contents of the Corporate Risk Register and to continue monitoring progress of actions taken to address the risks identified in the report.
2. To request further information or reject the contents of the risk register

Preferred Option and Why

To consider the contents of the Corporate Risk Register and monitor the progress of actions taken to address the risks identified in the report. This will give the Cabinet sufficient assurance and oversight of the main overarching risks that the council faces in delivering the objectives of the Corporate Plan.

Comments of Chief Financial Officer

There are no direct financial implications arising from this report. The corporate risk register forms an important part of the governance and budget setting arrangements for the council and the risk register is used to guide the internal audit plan. Risks that result in financial pressures will be reflected in established ongoing monitoring arrangements.

Comments of Monitoring Officer

There are no specific legal issues arising from the report. As part of the Council's risk management strategy, the corporate risk register identifies those high-level risks that could impact upon the Council's ability to deliver its corporate plan objectives and essential public services. The identification of corporate risks within the risk register and monitoring the effectiveness of the mitigation measures are matters for Cabinet. No new corporate risks have been included for the third quarter and no additional corporate risks have been escalated from service area risk registers. One corporate risk has been closed, and combined with a related housing service risk, but no risks have been de-escalated back into service areas or monitoring. Therefore, there are no changes to the corporate risks, although some of the individual risk scores have changed since the last quarter.

Comments of Head of People and Business Change

Risk Management in the Council is a key area to implementing Well-being of Future Generations Act (Wales) 2015. Effective monitoring and reporting against the Council's Corporate Risk Register is essential in minimising and preventing the likelihood and impact of risks against our objectives. The recent changes made to our risk management processes and system will ensure officers at all levels of the organisation have greater control and oversight of their risks taking the necessary action to mitigate their impact and escalate where necessary to senior management.

Comments of Cabinet Member

The Chair of Cabinet is consulted on the corporate risk register and has agreed that this report goes forward to Cabinet for consideration.

Local issues

None.

Scrutiny Committees – Audit Committee

The Council's Audit Committee received an update on the Council's Quarter 2 Corporate Risk Register in January 2021. The Audit Committee welcomed the report and commented on the usefulness of the report and its supporting documents to provide an overview of the Council's risk management activity across the Council.

The Corporate Risk Register for quarter three will be presented to the Council's Audit Committee for information and comment in March 2021.

Well-being of Future Generations (Wales) Act 2015

Under the Well-being of Future Generations Act (Wales) 2015 and its 5 ways of working principles this report supports:

Long Term – Having effective risk management arrangements will ensure that the opportunities and risks that will emerge consider the long term impact on service users and communities.

Preventative – Identifying opportunities and risks will ensure the Council is able to implement necessary mitigations to prevent or minimise their impact on Council services and service users.

Collaborative – The management of risk is undertaken throughout the Council and officers collaborate together within service areas, Corporate Management Team and the Council's Cabinet to ensure decisions are made in a timely manner and are evidence based.

Involvement – The Council's Risk Management process involves officers across the Council's service areas and Cabinet Members.

Integration – Risk Management is being integrated throughout the Council and supports the integrated Planning, Performance and Risk Management Framework. The Framework ensures that planning activities consider the opportunities and risks to their implementation and overall supports the delivery of the Council's Corporate Plan and legislative duties.

Crime and Disorder Act 1998

Not applicable.

Consultation

As above, the Risk Register is also considered by Audit Committee.

Glossary

This document provides an explanation of terminology used in this report and supporting documents.

Risk Appetite – the amount of risk that Newport City Council is willing to seek or accept in the pursuit of the Council's long term objectives.

Inherent Risk Score – The level of risk in the absence of any existing controls and management action taken to alter the risk's impact or probability of occurring.

Residual Risk Score – The level of risk where risk responses i.e. existing controls or risk mitigation actions have been taken to manage the risk's impact and probability.

Target Risk Score – The level of risk (risk score) that Newport City Council is willing to accept / tolerate in managing the risk. This is set in line with the Council's overall risk appetite.

Risk Mitigation Action – Actions identified by the Risk Owner to respond to the risk and reduce the impact and probability of the risk of occurring.

Risk Mitigation Action (Red Progress Score) – Significant issue(s) have been identified with the action which could impact on the ability of the action meeting its completion date. Immediate action / response is required resolve its status.

Risk Mitigation Action (Amber Progress Score) – issue(s) have been identified that could have a negative impact on the action achieving its completion date. Appropriate line manager(s) should be informed and where necessary action taken.

Risk Mitigation Action (Green Progress Score) – The action is on course for delivering to the agreed completion date and within the agreed tolerances.

How the Council Assesses Risk

An assessment of the likelihood and impact of risk is important to measure, compare and monitor risks to ensure efficient use of resources and effective decision making. This assessment is carried out using the risk matrix as described below.

Risk Assessment Matrix

A Corporate Risk Register will contain the high level risks for the whole authority. In order to differentiate between these high level risks a 5x5 risk assessment matrix will be applied. The matrix is shown below and further detail is included in appendix 3.

Risks are scored using the scoring system for probability and impact and assigned a rating based on the tolerances set out in the matrix below
