

Adult & Community Services

End of Year Review 2020/21

**Cabinet Member for Social Service –
Councillor Paul Cockeram
Head of Service – Chris Humphrey**

Introduction

This is the Adults & Community Services update on the progress being made against the objectives, actions, performance and risk for the period 1st April 2020 to 31st March 2021. Service plans have been designed to support the delivery of the [Council's Corporate Plan 2017-22](#) and the [Council's Strategic Recovery Aims](#) in response to the Covid-19 crisis. As one of the 44 public bodies, Newport Council must consider the Well-being of Future Generations Act in the delivery of its plans and the sustainable development principle of meeting our duty under the Act.

Long term		The importance of balancing short-term needs with the need to safeguard the ability to also meet long-term needs.
Prevention		How acting to prevent problems occurring or getting worse, may help public bodies meet their objectives.
Integration		Considering how the public body's well-being objectives may impact upon each of the well-being goals, on their other objectives, or on the objectives of other public bodies.
Collaboration		Acting in collaboration with any other person (or different parts of the body itself) that could help the body to meet its well-being objectives.
Involvement		The importance of involving people with an interest in achieving the well-being goals, and ensuring that those people reflect the diversity of the area, which the body serves.

To support the delivery of the Council's Corporate Plan 2017-22 and the Strategic Recovery Aims, the Adult & Community Services Plan 2020/21 focuses on the delivery of:

- **Wellbeing Objective 3** – To enable people to be healthy, independent and resilient; and
- **Strategic Recovery 3** – Promote and protect the health and wellbeing of people, safeguarding our most vulnerable and building strong, resilient communities.

The 2020/21 Service Plan has five objectives that are focused on:

Objective 1 – Early Intervention and Prevention.

We will direct and signpost effectively and when support is required we intervene early to prevent escalation and dependence

Objective 2 – Integrated working across health and social care.

The development of an integrated approach to the provision of care and support for people in Newport through the establishment of Neighbourhood Care Networks.

Objective 3 – Commissioning.

The procurement and management of service contracts that deliver high quality, cost effective and sustainable services based on evidenced community need and market intelligence.

Objective 4 – Carers.

To fulfil NCC's responsibility to carers as required by the Social Services & well-being Act providing support and reducing carer breakdown.

Objective 5 – Safeguarding.

To improve safeguarding arrangements that protect children and adults within all aspects of Council services functions and duties.

Executive Summary from the Head of Service

At the beginning of the Pandemic Newport experienced high case numbers. This created unprecedented challenges for social care, further exacerbated by shortages of PPE and high levels of anxiety and sickness for both service users and staff.

Throughout the year and particularly in April, May and December there were significant outbreaks of Covid in Newport care homes resulting in a number of related deaths that represented twice the average when compared to previous years.

At the point of the first lockdown Social Workers made contact with all those receiving a care and support service in the community to discuss how they would manage if their usual carers were unavailable. Some services such as day care and respite were closed, thereby placing pressure on families. This ensured that those identified as most at risk, without family support or with high care needs continued to receive contact from Social Workers. This arrangement continued throughout the year to ensure changing circumstances are monitored.

Where required, community visits by Social Workers, Amhp's, & OT's were undertaken in accordance with Covid guidelines. The hospital teams were present on the wards throughout and in conjunction with Reablement services continued to minimise delayed hospital discharges and to offer the right level of support for people to return home.

Support was offered to internal and externally commissioned services in the provision of additional funding, PPE, fast tracking vaccinations for front line workers and more recently, supplies of lateral flow tests.

Reporting mechanisms were established to monitor the ongoing situation in line with civil contingency oversight and Local Authorities, ABUHB, Public Health Wales and Environmental Health shared information with Local Authorities and offered practical advice and guidance to providers in real time.

Our 3 NCC care homes invested in technology to keep residents connected with families and facilitated visits when possible. A new outreach service was developed to reduce isolation and loneliness and this will become a permanent service offer for the citizens of Newport to offer respite in the absence of the former day service.

Housing Support services continued to operate and worked closely with our internal Housing Needs Department and the regional drug and alcohol service to support homeless people. This work will continue and additional funding has been provided by Welsh Government during 21/22 and on an ongoing basis in acknowledgement of the need to maintain momentum and further develop sustainable provision.

Planned work was impacted by the Pandemic and several strands were subject to delays. These will move forward into the new service plan and will be progressed as the pressures of Covid ease. However, some significant progress was made, particularly around the opening of the Grange Hospital and the work that was required to review existing hospital discharge pathways to incorporate systems on the new site. Home First is now fully operational at the Grange as part of that discharge pathway.

Herbert Road is a new housing scheme offering accommodation to 5 people with learning disabilities. Although delayed, the new residents moved in to their new home in March.

The consequences of the Pandemic are still unknown and will take time to work through. The additional funding made available by the Welsh Government is due to end in September 2021 and this will impact on the long term sustainability of some services. Ongoing financial viability will depend on several issues including the need for Covid measures such as social distancing to remain in place and the preference of service users who may want to change the way their support is delivered.

We are working closely with providers and looking at our own service offer to ensure that, where appropriate, services are modified and opportunities are developed. For example, some services have found that the availability of virtual support and information has worked well and can help to manage demand and encourage engagement. This will translate into new ways of working that we will continue to develop and monitor.

We have seen an increase in the number and complexity of referrals across all aspects of adult services but it is not yet clear how much of that is a temporary consequence of the Pandemic. The successful roll out of vaccinations is driving increased confidence for those wishing to return to services and the removal of restrictions will mean that carers have less availability but we are still unable to predict the longer term impact on demand.

The new performance framework developed by Welsh Government for Social Services is still in the implementation phase and final year figures are not yet available. The WCCIS recording system had to be modified to accommodate the new reporting requirements and this work was delayed across Wales because of Covid but NCC data will be available by the end of June 2021

For 2021/22 the focus will be very much on recovery, to re-establish work streams and identify the new priorities that will emerge as a result of the Pandemic.

1	To provide integrated health and social care support to Newport citizens.	Adult Services is able to offer Newport citizens the provision of care and support that enables them to be healthy, independent and resilient.	Not Applicable	1 st April 2019	31 st March 2022	25%	C	This action covers many areas already covered in the Service Plan. The Annual Director of Social Services Report will provide an overview of the work that Adult services has delivered in 2020/21.
2	To develop and effectively integrate the Regional Home First initiative into the hospital pathway and to further align patient flow processes within hospital discharge.	Through collaboration with the Health Board and partners we will be able to: <ul style="list-style-type: none"> • Prevent admission • To build further on early planning for discharge to prevent avoidable delays 	Not Applicable	1 st April 2019	31 st March 2022	50%	50%	Home First has realigned back to its original remit within the Royal Gwent Hospital (RGH) and Neville Hall Hospital (NHH) hospital sites following the changes to support COVID 19. In December 2022 the service expanded to cover the new Grange University Hospital (GUH) that opened. The opening of the site six months earlier than originally expected has required a complete review of the hospital pathways as the landscape at RGH and NHH has now changed as a result of services redirecting to the GUH. There is currently ongoing work in collaboration with ABUHB to agree the pathways between sites and the role of Home First. Home First has had a positive impact on the patient flow at the GUH site and is now embedded into the framework for discharge across the site and work will continue across all sites to reaffirm the Home First ethos and ensure it is embedded into all discharge pathways especially as we move out

1	Assess the impact of Covid 19 on the long term future sustainability of service providers ensuring that the market is able to offer sufficient market capacity and diversity.	This will provide an understanding of the impact that Covid 19 has had on the social care sector and service users in Newport. The outcomes of this work will determine the future market offer to ensure service users receive high quality and sustainable care and support packages that enables healthy, independent living.	Strategic Recovery Aim 3	1 st April 2019	31 st March 2022	20%	20%	The long term impact on providers is not yet fully understood - the detail is still being developed and a full picture will not be available until later in the year when the vaccination programme is completed and people are confident to come back into service. New regulations such as social distancing will impact on the sustainability of services in the short to medium term and the gradual removal of WG funding will influence which services will have the opportunity to maintain their position in the market.
2	To monitor the quality of services to ensure they deliver against agreed outcomes and offer value for money.	Service providers are able to provide sustainable services that are meeting the necessary quality standards and requirements stipulated in their agreements.	Not Applicable	1 st April 2019	31 st March 2022	70%	70%	The Pandemic changed the way in which we engage with providers. Performance Measures 2020/21

In 2020/21, the Welsh Government has introduced a new performance management framework for Adult Services. As there is no previous data and benchmarking data to determine a target, no targets have been introduced for 2020/21. Targets will be implemented for 2021/22.

The new performance framework developed by Welsh Government for Social Services is still in the implementation phase and final year figures are not yet available. The WCCIS recording system had to be modified to accommodate the new reporting requirements and this work was delayed across Wales because of Covid but NCC data will be available by the end of June 2021
