Introduction

Newport City Council's Corporate Plan 2022-27 has four Well-being Objectives to support its mission '**insert mission Statement here**' and contribute towards Wales' Well-being Goals set in the Well-being of Future Generations Act. To support the delivery of these objectives and strategic priorities, each service area has developed their service plan. The Housing & Communities Service Plan 2022-24 outlines its own priorities and how the service will contribute towards the Corporate Plan and deliver continuous improvement.

The Housing & Communities Service is part of Newport City Council's Environment and Sustainability Directorate and is responsible for delivering a wide range of services including strategic housing, housing needs, homelessness, housing support, community regeneration, libraries, community cohesion and our resettlement services.

Housing: Newport Housing Services ensure that Registered Social Landlords provide housing to meet assessed needs in the city, including specialist or support accommodation and for those not usually catered to through the traditional housing market. We identify, promote and fund innovative sources of affordable housing by bringing empty properties back into use and working with the private rented sector. Directly and through our commissioned services we work with individuals to prevent homelessness, support people to recover from the issues that lead them to become homeless and to move on from temporary accommodation. We also hold statutory duties in relation to homelessness and the fair allocation of social housing through the common housing register.

Community Regeneration: Placed within the heart of Newport's communities, these services work to facilitate the development of services for and by the community through our community development services. We manage and commission community centres which enable a range of services; including courses run by our Adult Community Learning team. Our network of libraries provide citizens with free access to books, digital resources, training and activities.

Community Cohesion: Our Community Cohesion Service supports Newport's diverse communities to connect to services and develop links across the city. We monitor developing tensions in communities, including issues with extremism, and work closely with Newport City Council colleagues and partners, including the police, to safely manage issues. Resettlement Services work with people who have moved to Newport, largely as a result of a conflict, supporting them to settle in the city and build new lives. Our immigration adviser supports colleagues from across the council in this complex legislative area.

Housing & Communities Objectives

To support the delivery of the Corporate Plan, meet our statutory duties and improve the services we deliver, we will be delivering three objectives:

Objective 1- Improve and increase the provision of housing and housing related support services to meet the needs of Newport's citizens.

Objective 2- Supporting the development of Newport's communities and making most effective use of resources available.

Objective 3- Developing cohesive and inclusive communities across the city through supporting delivery that promotes positive community relations.

Transformation Plan / Service Area Projects

To support the successful delivery of the Council's Corporate Plan, NCC will have a Transformation Plan that will deliver the strategic programmes and projects that will contribute towards the delivery of the Corporate Plan. Service areas will also be delivering smaller scale projects that will contribute towards continuous improvement in the delivery of services as well as contributing towards the strategic priorities of the Council's Corporate Plan.

Programme / Project Title	Project Overview	Well-being Objective(s) supported	Supports Council's Transformation Plan	Programme / Project Manager (Service Manager)	Anticipated Completion Date (Quarter / Year)
Neighbourhood Hubs	<p>Development of 4 Hubs across Newport that will provide an integrated offer of neighbourhood based, voluntary accessed services. Range of services offered are tailored towards the demands of the areas served using wellbeing profile data to support decision making processes.</p> <p>The Ringland hub has been completed and opened in November 2019. This was a pathfinder project to establish the appropriate model for the remaining three hubs. Work will commence on reviewing the Ringland hub model and developing proposals for the remaining three hubs.</p>	Well-being Objective 3	TBC	TBC	Q4 2022/23
