Subject Annual Corporate Plan Self-Assessment Report 2022/23

Purpose Following consideration by Cabinet, Council is asked to endorse the annual Corporate

Plan Self-Assessment Report.

Author Chief Executive

Director of Transformation and Corporate

Ward All

Summary Newport City Council is required to self-assess the extent to which it has met the

performance requirements under the Local Government and Elections Act and the progress it has made in delivering against its Corporate Plan Well-being Objectives (Wellbeing of Future Generations Act). This Annual Report provides an overview of the Council's 2022/23 performance and the governance and performance arrangements in place. In compiling the assessment, the report has considered other strategic and

statutory reports published by the Council for 2022/23.

The report has concluded that the Council has made good progress against 2 out of 4 of its Well-being Objectives (Objectives 2 and 4) but challenges remain in the delivery of Well-being Objectives 1 and 3. The report also assessed the governance and performance arrangements to being effective in the use its resources economically, efficiently and effectively through its Annual Governance Statement, Statement of

Accounts, Internal Audit and External Regulatory activity.

Proposal Council is requested to endorse the annual Corporate Plan self-assessment report

2022/23.

Background

The Local Government and Elections (Wales) Act 2021 requires local authorities across Wales to conduct an annual self-assessment of performance to:

- **1. Keep performance under review** ensuring that the Council is exercising its functions effectively; using its resources economically, efficiently, and effectively; and that governance arrangements are effective for securing these areas.
- **2. Duty to consult on performance –** ensuring that Councils consult with local people and businesses operating in Newport, with Council staff and Trade Unions.
- **3. Duty to report on performance –** demonstrating the extent to which the Council has performed in the previous financial year, the action it intends to take or has taken to meet and increase upon performance requirements.

Local authorities are also required to publish an annual report on the self-reflection and assessment of its performance and progress in the delivery of its Well-being Objectives as part of the Well-being of Future Generations Act.

The Local Government and Elections (Wales) Act guidance from Welsh Government suggests local authorities may wish to consider opportunities to integrate its self-assessment report with reports on other duties such as Well-being of Future Generations. Previously, the Council presented a report to Cabinet and Governance & Audit Committee outlining its preferred approach to integrate its annual self-assessment report with its assessment of its progress against the Council's Well-being Objectives.

Newport City Council Annual Corporate Plan Self-Assessment Report 2022/23

This year's annual Corporate Plan Self-Assessment Report 2022/23 (Appendix 1) provides a self-assessment on the progress of delivery against the Council's Corporate Plan 2022-27 and the effectiveness of the Council's governance and performance arrangements to ensure it is using its resources economically, efficiently and effectively. Reflecting back to last year's report, this year's report has considered the recommendations and comments raised by the Council's Governance & Audit Committee and Overview Scrutiny Management Committee.

In November 2022, the Council approved its 5 year Plan to deliver an 'Ambitious, Fairer and Greener Newport for everyone' with four Well-being Objectives focusing on the Economy, Education and Skills; Environment and Infrastructure; Quality Social Care and Community Services; and an Inclusive, Fair and Sustainable Council. To support the delivery of the Corporate Plan the Council's 11 service areas developed their service plans outlining the programmes and projects, objectives and actions which will be supporting each Well-being objective(s) and its strategic priorities; and delivering continuous improvement. These supporting documents are also published.

To self-assess the progress against the Well-being Objectives, and its governance and performance arrangements, the Council examined the position reported by the Council's 11 service areas at the end of 2022/23 which were reported to the Council's Performance Scrutiny Committees in July 2023. Additionally, the report also referred to several annual reports on the delivery of specific strategies and statutory duties such as the Director of Social Services Report, annual Equalities and Welsh Language reports and Climate Change reports. A full list of reports considered are included in the annual report.

To assess the effectiveness of the Council's Governance and Performance arrangements, the report referred to the Council's Annual Governance Statement (AGS), Statement of Accounts, Internal Audit and External Regulatory reviews completed by the Council's 3 regulators: Audit Wales, Estyn and Care Inspectorate Wales. A progress update against the recommendations raised in the 2021/22 Annual Report have also been included in the report.

In relation to the progress made against the 14 actions raised in last year's Annual Report, the Council has 7 completed actions with 7 actions still in progress. The actions still in progress at the end of 2022/23 have been carried forward into 2023/24 action plan. The Annual Report has also been subject to review by the Council's Executive Board and Corporate Management Team senior officer group.

Overall Conclusion and Self-Assessment of NCC Governance and Performance Arrangements in 2022/23

The overall conclusion made by the Council is that it has made an encouraging start to the delivery of the Council's Corporate Plan 2022-27. Good progress has been made by the Council in 2 out of 4 Wellbeing Objectives (Well-being Objective 2 and 4). However, significant challenges remain across the Council's Social Services, Housing, Infrastructure and Education services on the long term sustainability to meet the demands of residents in Newport within the financial and legislative pressures. Additionally, the governance and performance arrangements of the Council as outlined in the Council's Annual Governance Statement report remain effective but further actions are needed to improve existing arrangements to ensure the Council remains transparent in the delivery of its services and ensure key stakeholders are involved in decision making.

Including the actions carried forward into this year's Annual Report, the Council has raised a further 2 actions bringing the overall total to 9. Progress against these will be monitored and reported through the Council's Directorate Management Teams and Executive Board through service plan delivery.

Below is a summary of the Council's assessment, including its achievements, and the challenges the Council has faced in 2022/23 together with a summary of the Council's Annual Governance Statement 2022/23.

The annual report was also presented to the Council's Governance & Audit Committee on 28th September and to the Overview Scrutiny Management Committee on 9th October (full comments below). The feedback and recommendations from both committees have been considered and incorporated where necessary into the final version of the report presented.

Next Steps

Following approval of the report by Council in November, the report will be shared with Welsh Government, and its three Regulatory bodies (Audit Wales, Care Inspectorate Wales and Estyn). A final published version will also be made available on the Council's website in Welsh and English.

Preferred Option and Why

1. To approve the attached paper and publish on the Council's website so that the Council remains compliant with its statutory obligations.

Comments of Chief Financial Officer

As the report states, there are no financial implications directly arising from this report. The Annual Governance Statement is referenced within the report and this document provides a clear position of the Council's overall control environment, including areas where further action is required.

Whilst there are no direct financial implications arising from the report, it does highlight a number of areas where challenges remain, many of which will or could have a financial consequence, in either revenue or capital terms. Examples include the demand pressures being experienced within Children's

Services and the ongoing growth in the challenge surrounding homelessness. Both of these are impacting significantly upon the Council's in-year financial position and are likely to in the future. As result, these pressures have been incorporated into the Council's Medium Term Financial Plan and form part of the budget gap to be addressed as part of setting the 2024/25 revenue budget.

These examples highlight the need to ensure that there remains a clear ongoing link between the Council's Corporate Plan, performance and risk management, and financial management. Any new or ongoing challenges which also present a financial risk will need to be appropriately reflected as part of medium term financial planning, to ensure that any unavoidable financial consequences are reflected in future revenue and capital budgets. In addition, where relevant, certain financial matters will be reported through the annual Statement of Accounts.

The need for this clear link is heightened whilst the Council, like all local authorities, continue to operate within significantly constrained financial parameters. Because of this, there is a requirement for clear prioritisation of aims and objectives, to ensure that the most critical are afforded as part of future financial plans.

Comments of Monitoring Officer

There are no specific legal issues arising from the report. The Local Government & Elections (Wales) Act 2021 has removed the previous statutory duty under the Local Government (Wales) Measure 2009 for councils to secure continuous improvement in the delivery of services. The continuous improvement duty has been replaced by a more flexible performance self-assessment process which requires the Council to keep under review the extent to which it is exercising its functions effectively, using its resources economically, efficiently and effectively and has in place effective governance arrangements to secure these performance requirements. As part of that self-assessment process, the Council is required to produce an annual self-assessment report, setting out its conclusions on the extent to which it has met these performance requirements and any actions it intends to take, or has already taken, to increase performance. How the Council develops and publishes the annual self-assessment performance report is a matter for the Council to determine. The agreed approach, as previously endorsed by Governance & Audit Committee, is to combine the performance self-assessment with the Council's existing annual well-being report and to integrate the findings of other annual performance reports. Therefore, this annual self-assessment report has been prepared on that basis. The Annual Report has been considered by Governance & Audit Committee in accordance with their statutory role under the 2021 Act to review, assess and make reports about the effectiveness of the arrangements the Council has put in place for the performance assessments to meet the requirements of the legislation. Overview & Scrutiny Management Committee have considered the performance assessment in relation the well-being and strategic objectives set out in the Corporate Plan. Cabinet has formally approved the Self-Assessment Report and agreed to its publication and submission to Welsh Government and the external regulator. Council is now being asked to approve the Report for publication on the Council's website.

Comments of Head of People, Policy and Transformation

This is the first annual report on the progress the Council is making in the delivery of its Corporate Plan 2022-27 Well-being Objectives and the effectiveness of the governance and performance arrangements to achieve these. Following the first Annual Well-being Self-Assessment Report 2021/22, the feedback from the Governance & Audit Committee and Overview Scrutiny Management Committee have been taken into consideration to improve the self-assessment of the Council's arrangements. Throughout the last financial year, the Council has made significant progress in improving the governance and performance arrangements across the Council to ensure officers, Cabinet Members and elected members are provided with timely and evidence based information to make well informed decisions. As the Annual Report highlights, the Council has significant challenges across key front-line areas of the Council and challenging decisions will need to be made over the term of this Plan to ensure services remain sustainable and meet the needs of the city.

Prior to the report being published, we have considered the feedback and recommendations of the Governance & Audit Committee and Overview Scrutiny Management Committee.

Governance & Audit Committee (GAC)

The draft annual Corporate Plan Self-Assessment Report was presented to the Council's Governance & Audit Committee on 28th September. GAC considered the contents of the report and provided the following feedback and recommendations (including the Council's response):

GAC advised that it was an improved report in comparison with last year's report. The Committee raised one recommendation for the Council to consider in relation to providing more explanation in the report concerning amber ratings in future assessments.

Scrutiny Committees

The Annual Report was presented to the Council's Overview Scrutiny Management Committee (OSMC) on 9th October. The committee considered the contents of the report and provided the following feedback and recommendations (Including the Council's response):

- The Committee asked for clarification on how the number of visitors to Newport is calculated.
- The Committee recommended considering grouping the RAG ratings by objective rather than rating as this may make the assessment easier to understand.
- The Committee recommended the inclusion of scoring for footways in future reports, as highways assessments are already included.
- The Committee was pleased to see successes in the report such as progressive procurement and the heritage offer. The Committee felt that these successes could be highlighted more in the report to reflect the positive outcomes.
- The Committee recommended that the Key Decisions and Achievements table be revised so that the colours used are not the same as those used in the RAG system to ensure clear separation from this performance measurement.

Where practicable, recommendations are considered in preparation of the final version and will be considered as part of the Council's preparation for next year's annual report.

Equalities Impact Assessment

As this is an information only report there is no requirements to complete an Equalities Impact Assessment.

The Annual Report provides a summary of the Council's Equalities Annual Report which provides an overview of activities undertaken in relation to equalities, consultations and engagement. The final version of the report will be published in Welsh and English.

Wellbeing of Future Generations (Wales) Act 2015

The Annual Report has considered the five ways of working principles in the delivery of the Well-being Act. These are outlined in the Annual Report.

Consultation

Considered by the Council's Governance and Audit Committee, Overview Scrutiny Management Committee.
