**Figures marked with an asterisk are at times with reduced service provision due to the installation of mercury abatement plant.*

The number of cremations for the first five months of the year are 26 higher than the corresponding period in 2016.

Grounds Maintenance

A large bough fell from a weeping willow tree in the grounds, during overnight storms on 5/6th June. Although the bough fell directly over a number of vaults, fortunately no damage was caused to them. At the time of writing, the area is cordoned off, awaiting the arrival of tree surgeons.
